WE ARE FINALLY IN JULY—LAUNCH MONTH!

Hey Stormies... can you believe it? We've officially hit July, which means *Anica Storm & The Wand of Time* goes live to the world at midnight on July 26th, 2026!

ANICA NEEDS YOUR HELP

You've likely read the book by now, and I suspect you're hungry for more of Anica's journey. She needs your help to get there.

Every day, thousands of books are published across Amazon and other platforms. In such a vast sea of stories, it is easy for a new title

to get lost...

That is where you come in.

Starting launch week, we need to let the world know that Anica and her friends exist, that Airrah is in trouble, and that readers simply don't know what they are missing.

WAYS YOU CAN HELP

If you feel moved to do so, please leave an honest review on Amazon on or after July 26th. Tell potential readers what you thought of the book—if the characters, the magic, or the scenes connected with you, let people know why they should dive in. As an indie author, these reviews are the social proof that helps new readers decide if a book is right for them. You are under no obligation, but should you choose to leave one, it would mean the world to me.

SOCIAL MEDIA

Whether you vlog, podcast, TikTok, YouTube, or share on Bookstagram, your voice makes a difference. Even a simple post like, "Hey, check this out! A new dark fantasy book!" helps immensely.

Just be sure to include this link: [Tiny.cc/AnicaStorm](https://tiny.cc/AnicaStorm)

Anica and I appreciate you so much... thank you for being on this ride with us! <3

What Early Readers Are Saying About Anica Storm & The Wand of Time

Review of advance copy received from Author

May 17, 2026

This story began what could be a typical romance novel with the predictability of that, and then takes off in wild vivid directions, sometimes scary, sometimes humorous. The read is a bit Alice Through the Looking Glass meets The Lord of the Rings meets Dungeon Crawler Carl with a side of Ann Rice. Thoroughly enjoyed and looking forward to the rest of the series.

WANT TO CONTINUE THE ADVENTURE?

The *Anica Storm* trilogy is a three-book saga, and with Book 1 officially launching on Amazon in just a few weeks, the journey is only beginning!

Book 2 is already written, polished, and set for release this October.

Between now and then, I am fine-tuning the story for maximum impact, and I would love a fresh set of eyes to help me make it perfect. Please note that what you read today may not be in the final version, so check back often... I might just tweak something big!

If you are interested, I would be happy to send you an advance copy of Book 2 so you can continue the adventure early.

If you wouldn't mind sharing your feedback... letting me know what works, what doesn't, or what feels confusing... it would be incredibly beneficial as I iron out the final details before October.

I will warn you, though: Book 2 hits harder, with even more emotional highs and lows. Have your tissues ready. It sets the stage for the grand finale in Book 3, and I promise you, it is going to be incredible.

LET ME KNOW YOU'RE READY FOR BOOK 2

Click the link above to let me know, and I will put your name on the list. When I have a moment, I will send you a personal invite back into Airrah. It might not be right away, but I promise I will get to you.

Anica Storm & The Wand of Time

Book 1 of this trilogy is a refreshingly delightful and well written read – drawing the reader into a fantasy world where the impossible is often quite probable and joy, humor and pathos are artfully mixed together as the reader and characters journey together. Once you pick this tale up, it's hard to put down and we are looking forward to continuing the adventure in Books 2 and 3.
